

How much is VED in 2014?

A quick estimate of VED for 2014

- ❑ **Step 1** - Get your CO₂ emission data from section 4 of your vehicle's V5C logbook.
- ❑ **Step 2** - Use CO₂ data and get an estimate from our infographic below:

Vehicle tax rates starting from 1 April 2014.

Cars registered on or after 1.03.2001
The rate of vehicle tax is based on fuel type and CO₂ emissions for cars registered on or after 1 March 2001.

Cars registered on or after 1.04.2010
These rates are for a **vehicle's first tax disc when it's first registered**. All tax discs after that use standard rates.

K* Includes cars with a CO₂ figure over 225g/km but registered before 23 March 2006.
